4/11 PUPIL FREE DAY	5/11 Priscilla Yr 7	6/11 Victoria Stella	7/11 Beck R Nicole	8/11 Narelle Taryn

Building our great school reputation— *World Class Education!*

This term's focus is our school's value of Excellence.

There are many opportunities for our learners to exceed and show excellence in Maths, English, STEM, Sports, the Arts, social skills and in the playground. We promote a culture of high expectations and encourage each student to strive to achieve their personal best through powerful learner dispositions. It is in the process of creating, discussing, evaluating, negotiating, working hard to gain mastery and competency; not just in the end product that might be produced, that excellence is displayed. We will acknowledge our students' efforts through the Principal's award for highest achievements and for most improved this term.

Through ongoing assessment and feedback, students develop their SMART goals and teachers target teaching with challenging and interesting tasks. For each individual, excellence will look different and we acknowledge and celebrate each person's achievements in different ways.

On a personal and professional level, I would like to share some good news in achieving my Uni SA Doctorate of Education. My gratitude goes to my supervisors, family, friends and our school community for their support to achieve my goals and to make a difference for aspiring leaders, teachers students and their families. My inspiration and role model was my dad who showed me how persistence and hard work results in success.

Let's celebrate 'excellence' in the virtues we see, the growth experienced by our students and staff and in the exciting work that they produce.

Dr Dora Iuliano

School Photographs

WHEN: Wednesday 30 October

WHERE: All photos will be taken in the Bradman Gym

TIME: Photographers will start photographing students from 9.00am.

COST: A named envelope which details packs available and costs will be sent home with your child. The money and the envelope must be returned to the school on the day of the photos and handed to the photographer. There will be no change available so please make sure you place the correct money in the envelope. Credit card payments can be made online.

CLOTHING: All children must be dressed in school dress code on the day of photos.

FAMILY PHOTOS: If you would like your children to have a family photo you need to collect a family envelope from the front office and complete and send along with the money on the day of the photos. Children will only be photographed as a family if they have one of these completed envelopes.

If you have any further enquiries or require an additional envelope, please

Enrolments 2020

Enrolments are critical to staffing and planning so please contact Julie via email Julie.Powell951@schools.sa.edu.au or phone the school office on 8337 2050 to inform us if you will be leaving our school community next year.

There will be one more Parent Tour this term in Week 5 on Monday 11 November for prospective parents and new students who

Staffing News

Thank you to Ida Capozzi who has shared the role of Italian teacher with Daniela this year. Ida has accepted a classroom teaching position at Burnside Primary School for the remainder of the year. Welcome to Maria Pinna who will be teaching

Parent surveys—Have your say!

We look forward to your feedback on a brief survey which helps to guide our site's improvement directions.

The TPPS Parent Survey 2019 is easily accessed at:

<https://www.schoolsurvey.edu.au/s/4M9L9xST>

We will be collating the responses at the end of week 1 Term 4 (Friday 18th October).

A note from OSHC...

We have just finished the October school holidays and are already busy working on the summer holiday program! Keep an eye on your emails as the program will become available on the 6th of November (week 4 of this term).

We are also taking bookings for the Pupil Free Day on the 4th of November. Be sure to book in quick as we only have 30 places available.

Stefania Cinaglia
Director

Volunteer Site Inductions

Thank you to all of our volunteers who support our students with their learning in classrooms, library, sports, canteen, excursions and with all the help that you provide at home with their reading and homework.

As it's now a Department for Education requirement, on-site induction sessions will be held for volunteers in Weeks 3, 6 and 9 after Assemblies. Role statements and support will be provided and it is a good opportunity to

THE COLOUR CRAZE THAT'S SWEEPING THE NATION™

From today, we commence the **School Run4Fun Colour Explosion** which is as a major fundraiser for us this year. We are raising money for a PA system and Performing Arts equipment so appreciate your support. Students who are not able to participate in this event will engage in an alternative program at school.

The **School Run4Fun Colour Explosion** will be held on Friday **8/11/19** starting at **1:30pm**. Students can dress in a plain white t-shirt with other clothing appropriate for participation in PE type activities. The day's focus is on fun and fitness with the added benefit of raising funds for our school. Please remember that students will get covered in powder so new and expensive clothes and shoes are not recommended.

Colour Powder

The colour powder used in our event has been sourced direct from India, the home of Holi Powder. It is made of high quality corn starch and permitted food colours. It's non-toxic, biodegradable, skin safe and environmentally friendly. Toxicological Risk Assessment and ingredient listings can be obtained from the School Office upon request. Students with asthma are advised to be careful in their decision to participate.

How Does My Child Fundraise?

Students have now received a Sponsorship Form with instructions on how to raise money and order prizes. Students who raise \$10 or more will receive an incentive prize for their efforts. But why not aim higher? You have the option to choose up to five (5) prizes and this will set your fundraising goal. Family and friends are your greatest supporters, so ask them first for your support. You will reach your fundraising goal in no time.

Student Profile Page

Create a Student Profile Page at www.myprofilepage.com.au which is unique to you. There are also some great features like recording your sponsorships and selecting your prize goal.

You can also register for online fundraising. It's the easiest way to help your child raise money and to reach your fundraising goal sooner.

WIN A SHARE OF \$200,000 WORTH OF FREE SPONSORSHIP DONATIONS. Create a Student Profile Page at www.myprofilepage.com.au and enter your unique code found on page five (5) of your Sponsorship Form to see if you're an instant winner. Give your fundraising goal a kick start!

How to Order Prizes

To reward your child for their efforts, they will receive incentive prizes based on the total amount of sponsorship dollars raised in cash, online, and if applicable, any **FREE SPONSORSHIP DONATIONS** won using the unique code on page five (5) of the Sponsorship Form. You have two options to place your prize order:

1. Login or create a Student Profile Page at www.myprofilepage.com.au. Once the fundraiser has finished, click the 'ORDER MY PRIZE' button and then confirm your total amount raised and order your prize/s, **OR**
2. Complete the back page of the Sponsorship Form and return to the school.

Please note, all donations need to be finalised on or before 12/11/19 and prizes ordered by 19/11/19. Student prizes will be delivered shortly after.

Room 9 Year 3/4

In room 9 we have been learning all about the wonders of compost! We began by learning about decomposers and their place in the ecosystem.

Then students had an opportunity to conduct their own experiment to find out what decomposes and what doesn't.

Finally, in Term 3, students researched the benefits of composting and each student wrote an exposition on why we should all compost.

This term through our STEM unit and Design and Technologies, students will be creating a composting system for the school to use. Maybe we can convince you to start

Just Compost! By Neha V

Land-fill, it says it in the word people! We are filling the land with nothing but garbage! If you don't want to be nasty land fillers, be nice land fillers and fill the land with compost!

It is great for your plants

Compost is an amazing type of fertilizer that is organic and extremely good for your garden and plants. Compost is certainly a great type of organic fertilizer and there's a lot of reasons why. One of them is that compost will protect your plants from freezes and will also provide your plants with a healthy root structure. Half of what we throw away can be made into compost, just take a minute to imagine all those innocent animals you and everyone in the world can save. Since compost provides your soil with healthy nutrients, you can come outside to your beautiful garden with lots of beautiful flowers, healthy vegetables, great fruits and terrific plants.

It saves the environment

Compost is definitely a great way to stop methane from spreading into our air, which is certain to happen if we don't compost. When we throw our food scraps in the bin, it goes to landfill, in landfill the food scraps provide a toxic gas called methane. Why this happens you might ask, well this happens because the food scraps need oxygen to decompose but when they get wasted in landfill they can't decompose because there is not enough oxygen. So since the food scraps can't decompose properly, the food scraps let out a powerful, toxic, not environmental friendly gas called Methane. Methane is a toxic greenhouse gas, Methane goes in our air and melts ice caps, surely you wouldn't want that. When food scraps get thrown in landfill, it also affects sea creatures. When food scraps get thrown and wasted in landfill they still have water in them, so when the water mixes with some of the other stuff it creates a toxic slush called Leachate. Leachate goes into oceans and seas and that can be really harmful to the extraordinary, innocent sea creatures. So if you care about the oceans, seas, sea life and the air you breathe in, PLEASE COMPOST!!!

It saves money

Do you know what is another good thing about compost, it's free!!! Compost is a one way ticket to a healthy environment, Compost is free while fertilizers take your money. If you compost it's definitely a win for you because you save money and you get a healthier, better garden, it just takes some effort. You don't need to water your plants and garden as much because compost keeps moisture, so if you want to save money which you probably would, COMPOST!!!

There is a lot of things compost is helpful with, things like helping to save the environment and saving your money. Compost is a good thing so I beg you, PLEASE, PLEASE, PLEASE COMPOST!!!
